

## For Immediate Sale: Almost New 6M

We occasionally are in a position to offer some rare, high-quality, second-hand Yurts that are ready to be your next exciting venture. This Yurt is just over 1 year-old, built-in July 2025. The owner is selling her property and selling the Yurt separately.

### What to Expect:

- **Durable & Weather-Resistant:** Built to withstand a European winter, these Yurts have been barely used & are in great shape.
- **Fast Delivery & Easy Setup:** These can be delivered to you within approximately 4 weeks of a confirmed order.
- **Eco-Friendly & Sustainable:** Made from natural materials (wood, wool and canvas), this Yurt has a minimal environmental footprint. Embrace an eco-conscious way of living without sacrificing comfort.
- **Affordable:** At a greatly reduced cost of a brand-new Yurt, you get the same incredible benefits at a much lower cost and a fast return on your investment

### Specifications:

6M Yurt - 210cm walls: **1x full length glass/wooden door joined to a 1x full length fixed window, 1x openable full length glass window (opposite the door).** The canvas colour is an anthracite grey. (See pictures below). The walls include a bushing for a stove chimney.

Cost (ex-VAT) : **€16,590** **25% off cost of new**

(Note VAT to be added will be a reduced 'Used' stock amount TBC)

### Indicative Option Prices (Up to date prices on request):

6M Delivery & Installation fee including VAT:

**€1,600**

6M Wooden deck - ground screw system & plywood finish, supply & fit (Excl. 13.5% VAT)

**€6,780**

Note: We can quote for many **Stove** types and / or a **chimney**, as supply, fit & fully certify from our Heating partner.

Pre-loved Yurts of this quality and cost do not come about that often.
